PLACE OF RESCUE BABIES GROWING UP

Paul as an HIV positive baby weighing 1.9 kilos and now as a 2 yr. old with an amazing personality. Place of Rescue baby caregivers are

doing an awesome job looking after the children and loving them 24/7. A care-giver looks after 2 babies for 2 yrs. And then the babies move to an orphan home with 9 "siblings" to love them. These women deserve your admiration and your prayers.

CHRISTMAS IS COMING

Memories of previous Christmases make waiting difficult. Our kids won't have to wait so long. We will celebrate on Dec. 14 so that our English teachers can get in on the fun before returning to Canada.

Do You Want to Help Make Christmas Merry?

Here are some ideas of how you can participate in Place of Rescue Christmas

- \$2 - Treat bag for one child.
- \$3 - Christmas dinner for one child or adult at Place of Rescue I, II or III
- \$5 - A new outfit of clothes for a child
- \$10- A Christmas present for an older child. (Little Kids will receive gifts brought from Canada)
- \$20 - A Christmas gift for a staff member. Usually this is clothing.
- \$6 - Christmas for a factory girl. The children from Place of Rescue annually go to a nearby factory to provide a Christmas celebration. A program of songs and dances and the nativity pageant is always a huge treat for these girls who get so little time off. We provide some food and a small gift for the 100 young women who work there.
